# WILL YOU BE A “VOTER EXPLORER” WITH US?

You are an influencer in your local Michigan community.

Most regions have anywhere from 5-100 churches.

Not all Churches champion a Biblical worldview, but of those that do, **most church goers do not know how to vote, and do not understand the significance of their vote.**

We want to change that. **Will you join us in serving the Michigan faith base in your region by signing up to explore:**

a) If your local churches would take voter guides at election time?  
(comparative, non-partisan)

b) Sign up to let us know

We have been serving the Michigan Judeo-Christian voter, family, and citizen since 1989. Will you help us change things for the better?
